***ENZI CONGRATULATES GOVERNOR SEBELIUS ON NOMINATION,
EYES BIPARTISAN ACTION ON HEALTH CARE REFORM***

Washington, D.C. – U.S. Senator Mike Enzi (R-WY), Ranking Member of the Senate Health, Education, Labor and Pensions (HELP) Committee, today congratulated Governor Kathleen Sebelius (D-KS) on her nomination to serve as Secretary of Health and Human Services, and said he looked forward to speaking with her about her vision for the Department and the Administration's intentions for health care reform this year.

"We need bipartisan, fiscally responsible action this year to ensure that every American has access to quality, affordable health care," Enzi said. "The President has pledged to work on health care reform in a bipartisan way. I look forward to speaking with Governor Sebelius about her plans to work with Republicans and Democrats in Congress to uphold that pledge."

Enzi said he will carefully and thoroughly review Governor Sebelius' nomination, as he does for all Cabinet appointments.

"I am eager to hear more about Governor Sebelius' vision for the Department of Health and Human Services, and I look forward to sharing my views with her during this important confirmation process," Enzi said. "There are going to be areas where we disagree, but I hope and expect that by focusing on solutions, we can produce meaningful results for hard working Americans."
